Bij interesse kan dit worden aangegeven bij uw brancheorganisatie, waarna de prioritering in overleg opnieuw zal worden beoordeeld.

Bijlage: certificaat

VETERINARY HEALTH CERTIFICATE FOR THE EXPORT OF PORK PRODUCTS
FROM THE NETHERLANDS TO INDONESIA

I. IDENTIFICATION OF THE PRODUCTS

Product no.	Product	Species	Origin	Approval number

Product no.	HS-heading	HS-description (HS-4)	Packing	Total nett weight	Total gross weight

Product no.	Slaughter date	Production date	Freeze date	Intended use	Storage

Marks	:	
Container number	:	
Seal number	:	

II.ORIGIN OF THE PRODUCTS

Product no.	Approval no.	Address

Product no.	Additional approvals	Approval no.	Address
	SLAUGHTERHOUSE		
	CUTTING PLANT		
	COLD STORE		

Address of exporter	:	
Date of shipment on or about	:	
Place of loading	:	
Dispatched from	:	

III. DESTINATION OF THE PRODUCTS

Means of conveyance	:	
Identification of the means of conveyance	:	
Transit country	:	
Country of destination	:	
Point of entry	:	
Place of destination	:	
Address consignee	:	

IV. HEALTH ATTESTATION

I, the undersigned official veterinarian, hereby certify that:

1. The Netherlands are free from Foot and Mouth Disease, Swine Vesicular Disease, Aujeszkys disease, Classical Swine Fever and African swine fever, nor have the pigs from which the meat originated been vaccinated against any of these diseases;
2. The animals must be sourced from a farm which is free from Transmissible Gastro Enteritis, Trichinellosis and Cysticercosis;
3. The slaughtered swine originate from farms where no restriction or surveillance zone has been established due to notifiable diseases in swine, which should be reported in accordance with the relevant European animal health regulations;
4. The slaughtered swine originate from farms that were free of Anthrax, Brucellosis during the past 12 months;
5. The meat is derived from pigs which are fattened in the Netherlands, or another EC country, fulfilling the requirements of EC regulations;

6. The meat shall be derived from pigs which were born and reared or have been kept in the country of origin at least 4 months;
7. The animals were slaughtered in an EC approved slaughterhouse under permanent official veterinary supervision;
8. The meat meets the requirements of EC regulations concerning health condition and hygienic rules for production of fresh meat and is recognized as fit for human consumption;
9. The meat was derived from animals that underwent an ante- and post-mortem inspection and did not show signs of infectious and contagious diseases at the time of slaughter;
10. Each individual carcass has been examined for trichinellosis with negative results;
11. Carcasses (half-carcasses, quart-carcasses) are marked with readable official health marks with specification of the name or registration number of the slaughterhouse where the animals were slaughtered;
12. The exported pork is wrapped in new packaging materials complying with the international hygienic standards;
13. The transport vehicles or containers and the loading conditions of this consignment meet the hygiene regulations laid down in the EC legislation;
14. Based on the results of a National screening program, the meat is to be considered not to contain harmful residues as hormonal substances, pesticides and heavy metals, exceeding tolerances accepted by EC regulation.
